

Park Home Insurance.

Quote from IPHAS:

“Towergate Insurance give 10% discount for home insurance for IPHAS members and Bakers Insurance Services offer 15% discount for membership in IPHAS. However, if you live on a flood plain you may find it more difficult to obtain home insurance”

I spoke to this company a few months ago and they declined to quote because of the risk of flooding.

I have received a leaflet only today from “Park Home Assist” offering cheap insurance and cheap insurance. I have contacted this company today asking for a quote and have been informed plainly that the PE13 postcode is, as far as they are concerned, in an area liable to flood and they are not willing to quote.

I have insured since coming on the Park in 2006 with "Lifesure Group Ltd" whose offices are in Eaton Socon, [01480 402470](tel:01480402470). Website: www.lifesure.co.uk. I have had no cause to claim from them so have no idea of their response to a claim but I can say that I am very satisfied with the service that I have had in the past 10 years. I also insure my car with the same company and am equally satisfied with both the service and the cost.

I currently insure with Towergate and have done since we moved in and had no problem with being in the flood plain area. Also have a quote from Paul Baker, they did check there flood area map and confirmed that although we were in a flood risk area it was not at the higher end of the scale and there were happy to insure and give the discount of 15%. When I spoke to Paul Baker I did explain that a lot of work had been done on the flood defence system in the area.
