20th November 2018

NEWS LETTER

Dear Members,

Many of you have complained to the committee about the state of the boundary fence and the recent work undertaken by Countrywide's contractor to repair this. The committee has written to Countrywide Park Homes, Fenland District Council and our local MP about this matter and copies, as always, of our correspondence have been posted on our web site, together with photographic evidence of the state of the fence. We have been informed by FDC that a representative of the council, together with the General Manager of Countrywide will be on site on Tuesday 27th November at 12 noon to inspect the fence. You can rest assured that the committee will be making your views on the work carried out known when they visit.

We have also written to Countrywide in respect of the statements which some of you have received, they have responded that they are looking into the matter of water rate charges, and again a copy of their email to us can be found on the web site.

If any member has a particular issue they would like us to raise for example the dividing fences between properties, etc then please let a committee member know as soon as possible so that we can discuss with the General Manager of Countrywide when he visits.
